

EGGHEADZ

a collection by Alin Bolcas

ZOMBIE

0001 / Artist Original

Rarity Guide

EggHeadz Genesis is a collection of 999 unique 3D rendered artworks created by Alin Bolcas, the character artist behind the Sonic the Hedgehog films. Each piece is a singular composition of hand-designed traits, individually rendered to cinematic quality. No two pieces share the same combination.

The Eggheadz collection is formed of 999 unique, 3D, hand crafted artworks created by Alin Bolcas, the character artist behind the Sonic the Hedgehog films.

Each artwork is the result of countless hours of handcrafted digital artistry, featuring a composition of hand-designed traits, individually rendered to cinematic quality. The artworks blend playful character design with meticulous detail and a sharp artistic signature, with no two pieces sharing the same combination.

Five Artist Originals anchor the collection at positions #0001 through #0005. The remaining 994 numbered editions each carry a unique combination of traits, with scarcity varying across every category. The collection spans 20 unique shell types, 20 distinct backgrounds, and 121 individual trait values across ten categories. Every piece tells its own story through the interplay of surface, environment, expression, and detail.

Artist originals

Five pieces stand apart from the numbered editions.

Each Artist Original is a one of one creation, hand-crafted entirely by Alin Bolcas. These are the signature works of the collection, representing five archetypes that defined the creative direction of the entire series.

FLUID

0004 / Artist Original

Edition	Title	Description
#0001	ZOMBIE	A haunting reinterpretation rendered in decayed textures with an otherworldly presence.
#0002	IRON	Industrial strength meets digital precision in this metallic-forged character.
#0003	HOG	Raw, untamed energy captured in textured bristle and earth tones.
#0004	FLUID	Liquid form in motion, capturing the essence of constant transformation.
#0005	DRAGON	Mythic scale and fire rendered with cinematic intensity.

Artist Originals occupy positions #0001 through #0005 and exist outside the rarity ranking.
Each is singular in the collection.

Trait Categories

Each artwork is composed from ten trait categories. Five are present in every piece, defining its fundamental character. Five are optional, appearing selectively across the collection to create distinction and scarcity.

Category	Variants	Description	Presence
Shell	20	The defining surface of each character	Always
Background	20	The environment and atmosphere	Always
Eyes	8	From natural tones to Vampire and Laser	Always
Expression	12	The personality of each piece	Always
Stand	12	The pedestal, from Wood to Gold	Always
Glasses	15	Rare eyewear, present on 29.4% of the collection	Optional
Hat	13	Headwear, from beanie to halo	Optional
Accessory	8	Neckwear and adornments	Optional
Back item	9	From Katana to Angel wings	Optional
Mouth item	4	The rarest accessory category at 17.6%	Optional

121 unique trait values span these ten categories, ensuring that every piece carries a distinct identity. The optional categories are deliberately scarce: only 29.4% of the collection features glasses, and just 17.6% carries a mouth item.

Shell Types

The shell is the defining visual signature of each piece. Twenty unique shell types span the full spectrum from rare to common, each rendered with distinct material properties, lighting behaviour, and surface detail.

Shell	Editions	Frequency
Wireframe	24	2.4%
Dragon	30	3.0%
Graffiti	30	3.0%
Volcano	30	3.0%
Sci-fi	31	3.1%
Alien	38	3.8%
Ice	39	3.9%
Ore	43	4.3%
Zebra	47	4.7%
Snow Leopard	50	5.0%
Lava	50	5.0%
Wood	51	5.1%
Honeycomb	58	5.8%
Marble	60	6.0%
Pearlescent	63	6.3%
Snake	63	6.3%
Abstract	67	6.7%
Egg	68	6.8%
Carbon	70	7.0%
Rock	82	8.2%

Wireframe is the rarest shell in the collection, appearing on just 24 of 994 ranked editions (2.4%). Dragon and Graffiti follow at 30 editions each (3.0%). At the other end of the spectrum, shells such as Rock and Carbon appear on 70 to 82 pieces.

Background Types

The background establishes the atmosphere and emotional register of each artwork. Twenty environments range from the volcanic intensity of Fire & Brimstone to the calm neutrality of Pastel Blue.

Background	Editions	Frequency
Fire & Brimstone	21	2.1%
Future Vision	21	2.1%
Color Invasion	29	2.9%
Radial Blur	30	3.0%
Spotlight Blue	38	3.8%
Mint Mojito	41	4.1%
Elegant Peach	44	4.4%
Midnight Purple	48	4.8%
Sunrise Gradient	48	4.8%
Ember Nights	49	4.9%
Ocean Blue	49	4.9%
Blood Red	52	5.2%
Dusty Grey	56	5.6%
Deep Orange	56	5.6%
Hot Pink	57	5.7%
Army Green	59	5.9%
Dark Grey	68	6.8%
Lemon Yellow	74	7.4%
Starlight Gradient	75	7.5%
Pastel Blue	79	7.9%

**Fire & Brimstone and Future Vision are the rarest backgrounds, each present on only 21 pieces (2.1%).
When a rare shell meets a rare background, the result is among the most visually striking
pieces in the collection.**

Rarest Individual Traits

Beyond shells and backgrounds, individual traits within the optional categories carry extraordinary scarcity. The table below lists every trait that appears on fewer than 2% of the collection, ranked from rarest to most common.

Trait	Category	Editions	Frequency
Dragon Tattoo	Accessory	6	0.6%
Beatles	Glasses	7	0.7%
Halo	Hat	8	0.8%
Rave Shades	Glasses	9	0.9%
Sports	Glasses	12	1.2%
Devil Horns	Hat	12	1.2%
Cyclops	Glasses	13	1.3%
Future	Glasses	15	1.5%
Ski	Glasses	16	1.6%
ETH Shades	Glasses	18	1.8%
OG Hat	Hat	18	1.8%
Flat Cap	Hat	18	1.8%
Meme	Glasses	19	1.9%

Dragon Tattoo is the single rarest optional trait, appearing on just 6 of 994 ranked editions. Beatles glasses follow at 7 editions, with Halo at 8. Any artwork carrying one of these traits holds a genuinely scarce distinction.
